

# Presence

## Presence

ICO CARE is the inventor of the original admixture and have been in the Indian (subcontinent) market longer than any other manufacturer. ICO CARE India uniquely prides itself in giving waterproofing solutions dedicated to India and Indian

subcontinent construction methodologies. ICO CARE's experience is second to none as it's based on real world application and specification needs.

## **You have choices. Why should you do business with ICO CARE?**

- You are responsible for the success of your project
- Your choice of waterproofing systems is critical to that success
- Making the right decisions will impact your schedule, profit, reputation, and the risk/liability you will take on
- Only ICO CARE can protect your schedule, profit, reputation because only ICO CARE can offer a complete and proven system that takes the risk out of concrete waterproofing
- You want to work with a partner who understands the unique Indian market and who benefits from being present in the Indian market longer than any other supplier or manufacturer

ICO CARE India is part of ICO CARE International which has been a worldwide leader in the manufacturing and distribution of crystalline concrete waterproofing systems since 1991.

The Indian market is as challenging as it is unique. While other manufacturers have come and gone (and sometimes come back) ICO CARE India has been a continuous presence in the Indian market for over 20 years. Our managing director is Mr. Deepak Bhandari, is a very well respected industry expert with close to four decades of experience in India and across the globe.

# **Unique Indian expertise, global experience**

ICO CARE India uniquely prides itself in giving waterproofing solutions dedicated to Indian construction methodologies. Renowned real estate companies such as DLF, Unitech, Parsavnath, Ansals, Omaxe, Eros, L&T and many more private builder firms have benefited from solutions based on 'real world' experience of the local market.

As a trusted company, we have created a large government clientele by working with the likes of the Airport Authority of India, New Delhi Municipal Corporation (NDMC), Delhi Development Authority (DDA), Central Public Works Department (CPWD), Public Works Department (PWD), Delhi Metro Rail Corporation (DMRC), HPL, EIL and various refineries etc.

Moreover, ICO CARE International is able to leverage its global experience as a worldwide leader in the manufacturing and distribution of crystalline concrete waterproofing systems when the need arises in India.

ICO CARE's concrete waterproofing technology continues to revolutionize the industry. Developed in ICO CARE's dedicated concrete research laboratory and tested in the field for over 40 years, the ICOCARE Concrete Waterproofing System is the world's leading integral crystalline waterproofing technology.

Today ICO CARE International's products are distributed globally and can be found in many of the world's most iconic structures. By taking the risk out of concrete waterproofing ICO CARE's systems both protect your structure and your reputation – long term.

## **Simplify your life with Crystalline**

# Concrete Waterproofing Membranes

- Proven latest generation crystalline technology that ensures waterproofing for the life of the concrete structure
- Outstanding customer service from our lab and field-level support that provides answers and guidance
- Independently accredited proof of performance from organizations such as the Bureau of Indian Standards (BIS), the International Code Council Evaluation Service (ICC-ES) and CE
- ICO CARE International works with industry, academic, and governmental bodies around the world to develop certification standards and testing methodologies.
- Only ISO certified crystalline company in India – transparent and trustworthy business practice systems
- In the India market for nearly 20 years.
